

We recently contacted you to let you know about our exciting soft play area that's coming to the centre later this year and today we're so pleased to reveal that the good news won't stop there - as part of our commitment to making Bletchley Leisure Centre the perfect place for families in our community, we will also be creating a new splash pad!

From **Monday 24th August**, our squash courts will close as we prepare for work to begin and from **Tuesday 25th August** members will start to see works taking place for both of our new attractions.

We expect there to be some levels of disruption at the centre over the coming months while these projects get underway ready for completion in December. In particular we wanted to share that we will be closing our cafe from **Monday 14th September**. We understand how loved our cafe is, which is why we will be introducing brand-new seating areas with selections of hot drinks and snacks available, so that the valuable social time you spend with us in our cafe can continue in brand-new spaces.

Before these projects get started next week, we wanted to say that we really appreciate your patience and understanding while our contractors get to work on these new transformations ready for December.

An Exciting New Space for Families

We can't wait to start creating a modern new soft play area for younger children, complete with comfortable seating for parents and carers.

The space is being designed to encourage active play, adventure and imagination, while providing a welcoming environment for families to spend time together.

Making a Splash

As well as the new soft play area, we'll be installing a brand-new splash pad poolside. The splash pad will feature a whole host of colorful and creative interactive water features ideal for children of all ages to enjoy our waters.

The splash pad will not be taking away any of our current pool space, providing an amazing aquatic experience for everyone in our community.

We're also proud to be celebrating the unique story of Bletchley and Milton Keynes within the design.

Inspired by the area's rich heritage and the world-famous Bletchley Park, the themed play features will encourage children to explore, discover and let their imaginations run wild.

Keeping Up With Squash

We want to help our squash players stay on court, which is why **Swan Pool & Leisure Centre**, which is only a 20-25 minute drive from our centre, will be offering Bletchley squash customers a discounted court hire rate of £6.80, reduced from the usual price of £9.80.

To book a court, please call the Swan Pool & Leisure Centre team on **01280 817500**.

Other Activities Moving to New Spaces

We know the squash court area is also used for other activities, including table tennis and some children's sessions. As part of these changes, we'll be refreshing one of our multi-purpose rooms to create an improved space where table tennis and other relocated activities can continue.

If you enjoy racquet sports, we're pleased to say there are still plenty of opportunities to stay active at **Bletchley Leisure Centre** with the likes of badminton, pickleball and table tennis all available for you, or you can also explore the racquet sports at our sister centre **Woughton Leisure Centre**.
